Hosted VoIP Provider Telesphere Selected by Utah Business for Telecommunications Services

SALT LAKE CITY--(August 25, 2010)--[Utah Business](#), a leader in business news and information, recently selected **Telesphere** (www.telesphere.com), a nationwide hosted PBX and Cloud Communications business phone and Internet services provider, to provide fully hosted voice and data services.

“The voice quality on our HD phones is un-matched and the user features allow my employees to work more efficiently. Everyone in our office enjoys having this cutting-edge technology at their fingertips.”

The [Telesphere Complete](#)™ product selected by Utah Business provides:

- An all-in-one smart fully managed and hosted private data connection
- Hosted VoIP with Quality of Service (QOS)
- Business-class IP phones and installation
- The latest in user and system features
- 24x7 Support

“Telesphere was the right choice for our phone and Internet provider; we are continually impressed with their dedication to hard work and exceptional quality,” said Tyler Dabo, Publisher of Utah Business. “The voice quality on our HD phones is un-matched and the user features allow my employees to work more efficiently. Everyone in our office enjoys having this cutting-edge technology at their fingertips.”

“Utah Business’ goals and objectives as an organization are right in line with the service Telesphere is equipped to provide,” said [Scott Forbush](#), General Manager of Telesphere Salt Lake City. “With solutions including simultaneous ring and web click-to-dial integration with Microsoft Outlook and Internet Explorer, Utah Business will start to see dramatic results in their VoIP technology and staff efficiency.”
