TELESPHERE LAS VEGAS NAMED FINALIST FOR SMALL BUSINESS EXCELLENCE AWARD

*Las Vegas Chamber Names Cloud Communications Provider Telesphere Among
Three Finalists for Small Business of the Year Award*

Las Vegas, NV (Sept. 15, 2010) – **Telesphere**, (www.Telesphere.com), a nationwide hosted PBX, VoIP and Cloud Communications business phone and Internet service provider, announced today that it has been selected as a finalist for the “Small Business of the Year” award as part of the Las Vegas Chamber of Commerce Small Business Excellence Awards.

The annual Small Business Excellence Awards salute the best in small business in Southern Nevada. The Las Vegas Chamber of Commerce will recognize finalists and announce winners in five categories for their contributions and dedication to excellence in small business at a special awards ceremony held September 16 at Paris Las Vegas.

“We are ecstatic to be nominated as a finalist for this prestigious award, and thank the Las Vegas Chamber for this opportunity,” said Clark Peterson, CEO of Telesphere. “As a provider of hosted PBX and business VoIP, we have achieved record growth despite the current economy. This award solidifies our position as a leader in the telecom industry.” Telesphere is leading the **Cloud Communications** movement, which is an entirely new way to build, deploy, and scale enterprise communications services. Some of the benefits include increased employee productivity through Cloud-based PBX voice services that integrate with the clients’ cell phone and PC, offering evolutionary features and convergence at reduced operational and capital costs. With additional offices in Phoenix, AZ, Salt Lake City, UT, Denver, CO, Portland, OR, and Minneapolis, MN, Telesphere offers multi-location businesses a complete solution, from one provider, nationwide.

About Telesphere

Telesphere is a nationwide business phone and Internet services provider that delivers an innovative package of hosted VoIP telephone services and Internet access to businesses throughout the United States. As one of the first companies to offer hosted enterprise level communications as a service (CaaS), Telesphere allows businesses to enjoy all the latest voice and data features of large enterprises without costly investment in on-premises equipment. Telesphere’s more than six years of CaaS experience to businesses throughout the United States places it at the forefront of companies that specialize in the convergence of office PBX phone service, cellular phones, PCs and Unified Communications features. Telesphere fully manages its customers’ services over a private IP facilities-based network.
